

Business Roundtable

Roundtable sessions are interactive, educational and a safe place for discussing challenges and opportunities as well as seeking peer feedback and input.

Through whitepapers and data influenced studies shared with the group, each session is a study in forces of change and impact that influence the internal and external environment, bringing futuristic thinking into the decision-making process you can apply to your own particular situations.

Meets: The second Thursday of each month with a summer hiatus in July and August
8:30AM-10:30AM (Virtual)

*Facilitated by Ravi Kulkarni and Lynn Whitney-Turner of Clear Vision Alliance
These roundtables are open to senior and middle management levels.*

Fee: First session no charge, then \$250 for all sessions
