ANNUAL CHARITY GOLF TOURNAMENT

Supporting Our Communities

Jeannie Hebert
BVCC President & CEO

Today isn't just about hitting the green—it's about investing in the collective future of the Blackstone Valley. While this has always been the BVCC's largest fundraiser, this year marks an exciting evolution in our mission.

In addition to our foundational support for the Blackstone Valley Hub for Workforce Development, we are proud to announce that proceeds from today's tournament will now also provide grant funding to educational organizations across the entire Valley.

By participating today, you are fueling a wider ecosystem of success:

- **The BV Hub:** Continuing to serve 21 school districts with technical training in robotics, CAD, and electronics, alongside critical industry certifications (OSHA, MACWIC, NIMS).
- **Regional Education Grants:** Supporting local organizations that provide the innovative programming and support services our students need to thrive.
- **Career Pathways:** Funding the internships, apprenticeships, and tuition support that bridge the gap between the classroom and a high-growth career.

Your generosity ensures that students of all ages—from K-12 to adult learners—have the tools to succeed in an ever-changing economy. You aren't just playing a round of golf; you are providing the resources that shape futures and launch careers throughout our region.

So swing big, have fun, and know that every shot you take today is a shot toward a stronger, brighter, and more resilient Blackstone Valley.

Thank you for your incredible support—and enjoy the tournament!
